

Search & SAVE CENTER

— Find Doctors. Compare Costs. Start Saving.

Quality, cost, and convenience are three factors you likely think about before making any important purchase. The *Search & Save Center* on capbluecross.com is your go-to resource to evaluate these factors when making health care decisions.

Find a Provider

Find in-network doctors and facilities to help lower your costs. Search by name or specialty, view and share patient reviews, compare side-by-side, and even get driving directions. Search for dentists, eye doctors, and pharmacies, too.

Compare Treatment Costs

If you could save hundreds or thousands of dollars on a purchase, wouldn't you want to know? Look up medical services—from office visits to lab tests to inpatient procedures—and compare their most common costs, right where you live.

Estimate Out-of-Pocket Costs

Having identified a doctor or facility and compared costs, now take it a step further—get a real-time estimate of what your share of the cost may be based on your particular benefit plan.
