

Your health,

your choice

Know your options.

As of June 30, 2019, Highmark Medicare Advantage members may no longer have affordable access to most UPMC doctors and hospitals. When choosing a Medicare Advantage plan, make sure you understand your options and, if you would like guaranteed, full in-network access to UPMC's world-class care, choose a plan that includes UPMC doctors and hospitals.

Competition is good.

To ensure health care choice and competition, which can lead to lower premiums for you, UPMC will continue to contract with a variety of Medicare Advantage plans, including those that offer low-cost and even zero-monthly plan premiums and zero-deductible options with affordable access to UPMC.

UPMC is here to help.
