

NAHU UNITE PROGRAM

“Unite” NAHU in Times of Emergency

When natural disasters occur, NAHU’s members are there to help those in need.

**NAHU UNITE
is a
communication
program
designed to
assist
members with
emergency
financial
support
when
natural
disasters
strike.**

Here’s how the program works:

When a disaster strikes, NAHU identifies any members who may have been affected. Coordinated efforts are put in place to notify all NAHU members of the situation. NAHU members are then asked to donate gift cards to the state or local leadership of the affected area. Gift cards are given directly to NAHU members in need.

This program is designed to give temporary but immediate help while members are awaiting federal funds, insurance proceeds or assistance from organizations like the Red Cross. Gift cards are an effective and expedited way to get NAHU members help immediately.

During disasters, many people lose everything – their personal belongings, debit cards, driver's license, checks and the like. Gift cards allow NAHU members in need to purchase food, clothing, temporary housing and other essential goods and services.

NAHU UNITE ... MEMBERS HELPING MEMBERS
