***Pacific Life is a product provider. It is not a fiduciary and therefore does not give advice or make recommendations regarding insurance or investment products.***

The primary purpose of life insurance is to protect the policy beneficiaries from the adverse financial consequences of the insured's death.

Pacific Life Insurance Company is licensed to issue insurance products in all states except New York. Product/material availability and features may vary by state. Insurance products and their guarantees, including optional benefits and any crediting rates, are backed by the financial strength and claims-paying ability of the issuing insurance company. Look to the strength of the life insurance company with regard to such guarantees as these guarantees are not backed by the broker-dealer, insurance agency, or their affiliates from which products are purchased. Neither these entities nor their representatives make any representation or assurance regarding the claims-paying ability of the life insurance company.

Life insurance is subject to underwriting and approval of the application and may incur monthly policy charges. Pacific Life Insurance Company's Home Office is located in Newport Beach, CA.
