

Healthcare with a heart

Quality doctors. Cutting-edge technology.
Personalized care teams. That's our
formula for providing members the
high-quality healthcare they deserve.

And that's just the beginning. We're
also on a mission to make healthcare
better, starting with how our members
experience it.

We currently serve more than
130,000 members* across 13
states. And our goal is to bring
our Medicare Advantage plans
to more people each year—this
year will be no different!

The Devoted Health difference

With Medicare Advantage plans this good, you'll want your own parents (and aunts and uncles) to sign up. But we're more than just great plans.

Our commitment to providers

We strive to reduce administrative burdens on physicians with thoughtful, technology-based solutions that allow us to work together in delivering care.

Our technology

We've built a fully integrated technology platform to quickly and accurately process claims and remove barriers to providing the care your patients need.

Our Guides

Devoted Health Guides are the folks who answer our phones. They're navigators, problem solvers, and advocates. And they're empowered to go above and beyond for every member.

Our dedication to satisfaction

As we aim for highly satisfied patients and physicians, we want to hear one thing over and over again: "I never knew it could be this easy to work with a health plan."

Our long-term horizon

We're building a health plan for the long term, structuring our company around a 30-year vision to serve members, providers, and employees.
